Sir:

Submitted herewith on Form PTO/SB/08 is a listing of documents known to Applicant in order to comply with Applicant's duty of disclosure pursuant to 37 CFR §1.56. A copy of each listed document is being submitted to comply with the provisions of 37 CFR §1.97 and §1.98.

The submission of any document herewith, which is not a statutory bar, is not intended as an admission that such document constitutes prior art against the claims of the present application or that such document is considered material to patentability as defined in 37 CFR §1.56(b). Applicant does not waive any rights to take any action which would be appropriate to antedate or otherwise remove as a competent reference any document which is determined to be a *prima facie* art reference against the claims of the present application.

TIMING OF THE DISCLOSURE

The listed documents are being submitted in compliance with 37 CFR §1.97(b), before the mailing date of the first Office Action on the merits. However, if an Office Action has been mailed, the listed documents are being submitted thirty (30) days from receipt and in compliance with 37 CFR § 1.97(c), within three (3) months of the mailing date of the foreign office action with the required statement under 1.97(e). Therefore, no fee is believed to be due.

STATEMENT

The undersigned hereby states in accordance with 37 C.F.R. § 1.97(e)(1) that each item of information contained in this Information Disclosure Statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three (3) months prior to the filing of this Information Disclosure Statement.

RELEVANCE OF EACH DOCUMENT

Documents A6-A10 were cited in a Chinese office action during prosecution of a counterpart Chinese application. Documents A6-A9 are in English. Document A10 is in Chinese but belongs to the same patent family as documents A6-A8.

Based on a translation of the Chinese office action, the Chinese Office Action cited document A10 for disclosing at page 4, line 28 to page 15, line 29, features corresponding to recording an event log correlating an identifier of the user, an identifier of the selected object, and an event that the object has been selected, when the server detects that the user of the user terminal unit has selected the object; determining whether or not the number of objects recorded in the event log exceeds a first predetermined value; and performing a rewarding process to reward the user when the first predetermined value is exceeded.

Applicant's statements regarding the Chinese office action are based on a translation that applicant's representative obtained. These statements should in no way be considered as an agreement by applicant with, or an admission of, what is asserted in the Chinese office action.

Applicant respectfully requests that the listed documents be considered by the Examiner and be made of record in the present application and that an initialed copy of Form PTO/SB/08 be returned in accordance with MPEP §609.

Respectfully submitted,
